

My 40 years of experience working in the Taxi Industry in San Francisco has lead me to choose a new Road to Travel as this industry under goes the most dramatic evolution in its history. I wish to continue working by preparing future long-term, life-time oriented drivers for the Future Taxi Industry of our City. Knowledgeable drivers in clean modern vehicles for a 24/7 on-demand top quality door to door service.

March 1972 — February 1992 Desoto Cab Co-Op.

Driver, Telephone Operator, Voice Dispatcher.

I began driving as an 'extra' driver, filling in when a cab was available, while I attended Sonoma State University. As wife and family came along I moved to the Office and began to answer the phones, and soon voice dispatching taxis in the late evening and early morning hours.

Opportunity Knocked and I left DeSoto Cab to begin work with Yellow Cab Co-Op and the Pilot Ramp Taxi Program.

1992 - Present      Yellow Cab Co-Op

1994 -1997        Ramp Taxi Pilot Program

1996 - Present    # 670 Medallion Holder

1998 - Present    Secretary, Assistant Secretary San Francisco Yellow Cab Co-Op
